WARSAW NOW IMMINENT

SERVIANS SPRING DEADLY TRAP
UPON UNSUSPECTING AUSTRIANS

Great Slaughter and Defeat of Austrian Troops Reported From Nish—Norway and Sweden Take Offense at German Interference and Become War-like—Attack of Allies in West is Met With a Counter Attack of Crushing Force—Little Known of Dover Sensation.

By Associated Press.

London, December 11.—Although conceding in effect the progress of the German center, the Russians, judging from dispatches reaching London, contend that the tide is running in their favor in the sanguinary fighting south of Cracow, where combined Austro-German forces are endeavoring to move northward. They declare, moreover, that they are holding in check the German forces pushing down toward Warsaw from East Prussia.

It would appear today that the Serbian retreat before the Austrians some week ago was in reality a move for strategic purposes. Their sharp return blow, if the Nish reports are to be accepted, has been extraordinary effective. After sustaining enormous losses the Austrians are being rapidly driven to the northwest in the direction of their own borders. In the western arena the allies are applying pressure against the whole German line in France and Belgium, and while they appear to be making slight advances they have not as yet taken advantage of the transfer of German forces to the east to essay a general advance.

London, December 11.—The reported rout of the Austrian forces in Serbia, the border of which country they crossed triumphantly just two weeks ago, together with the steady advance of the German center in the direction of Warsaw on this, the third invasion of Russian-Poland, dominates the war news today.

It is admitted unofficially in Petrograd that German troops are sweeping across Russian-Poland and are now about 15 miles from Warsaw. The possibility of German occupation of Warsaw is seen in Petrograd, where it is said that if the Russians should withdraw from the city for strategic reasons its capture by the Germans should not be considered important.

Emperor Nicholas is again at the front having gone on this occasion to Transcaucasia, where his troops are seeking to thrust back the Turks and accomplish Russia's historic aim of planting her flag on the Bosphorus.

A Turkish report states that an attempt of Russia to land troops on the shores of the Black Sea near Batum was repulsed with heavy loss to the invaders.

Germany is proud of her adventurous men-of-war in the hours of the destruction. The Admiralty at Berlin points out that the warships defeated by the British in the South Atlantic had been for four months on the high seas deprived of the use of ports for obtaining supplies or repairs, notwithstanding which they

were always able to obtain coal. The cruiser Dresden, last survivor of the five warships which composed the squadron, is reported to have been bottled up in the Straits of Magellan and her fate is still in doubt.

Emperor William's announcement of whose illness has been followed by various unauthentic reports that his condition was serious, is said to have improved considerably.

The British Admiralty remains silent concerning the reported German submarine raid on Dover yesterday morning and the public today is speculating as to whether over-zealous correspondents were not partly responsible for this episode.

INDIGNATION IN NORWAY AND SWEDEN AGAINST THE SEIZURE BY GERMANY OF VESSELS LOADED WITH WOOD IS GROWING.

Both French and German official statements of today indicate that the new attempt of the allies to throw back the Germans in Belgium has been checked and that in the region of Ypres the Germans have not only hurled back the oncoming forces but in turn have made an advance.

The Paris announcement states that several German attacks were made and that three of them were completely repulsed. It is admitted, however, that at one point the Germans succeeded in reaching one of the first line trenches of the allies. Elsewhere in Flanders, however, continued progress is reported.

The German statement merely says that gains have been made in Flanders.

The fighting in the Argonne region continues to be the subject of conflicting claims.

URGES FEDERAL
PAY FOR MILITIA

By Associated Press.

Washington, Dec. 11.—General A. L. Mills, chief of the division of militia affairs, in his annual report today urges the passage of a bill for the compensation of the militia by the Federal government, saying that such a measure would bring about reform that would remedy present militia conditions where organizations, in some cases are so deficient that they are of "no value as a military asset."

He declared the militia deficient in strength to the number of 16,000 men.

By Associated Press.

Washington, Dec. 11.—Provisional President Gutierrez has ordered Governor Maytorena, commanding his forces at Naco, to avoid operation altogether if he cannot confine his fire within Mexican borders.

TOO MUCH
PUBLICITY

By Associated Press.

Washington, Dec. 11.—Declaring there had been too much publicity of military affairs of the nation Senator Weeks of Massachusetts, in a speech in the Senate today, opposed agitation for special investigation of military preparedness, praised the strength and personnel of the navy and urged the organization of an army reserve.

MAKING WATCH
CRYSTALS HERE

By Associated Press.

Morgantown, W. Va., Dec. 11.—One of the results of the European war is the revival of the watch crystal manufacture here. Watch crystals have been made principally in Germany. Attempts to make them in this district 15 years ago failed. A local glass company is now making 12,000 a day.

THAW CASE
UP AGAIN

By Associated Press.

Washington, Dec. 11.—The extradition of Harry K. Thaw from New Hampshire to New York was up for consideration today by the Supreme court. William Travers Jerome represented the state of New York and Former Secretary of State Philander C. Knox represented Thaw.

Mr. Knox scored the opposing lawyers and pointing to Jerome said: "Five times this man has succeeded in sending Thaw back to the asylum and not until Thaw got outside the state did he win a point."

CARNEGIE BLAMES
GERMANY FOR WAR

Noted Advocate of Peace Claims Military Caste in Germany Caused Bloody Struggle and that He Hopes World Will be so Horrified that Perpetual Peace Will Result—Would Be Unchristian-like to Declare Truce for Holidays, He Says.

By Associated Press.

Washington, Dec. 11.—Andrew Carnegie, a White House caller today, expressed decided opposition to a truce in the European war during the Christmas holidays. He declared that it would be unchristian like and immoral to stop the fighting and then begin it again. He added that he could not believe that any nation which adopted such a suggestion was doing it sincerely.

Mr. Carnegie gave it as his opinion that the military caste in Germany was responsible for the war, but that at the time hostilities broke out the Kaiser was ill and opposed to the war. "The Kaiser has told me that he took the greatest pride in the fact that he reigned for many years without being involved in war," said Mr. Carnegie, "but he was surrounded by a ring of militarists who were eager for war at any price."

Mr. Carnegie said he hoped that the world would be so horrified over the war that permanent peace would follow. He said his peace foundation would continue its work and that he believed that ultimately international arbitration would settle all disputes.

Mr. Carnegie showed some interest at a suggestion to him that he might be called upon by the President to help to bring about peace when the time came.

"I will do anything I possibly can," he said. "I believe Mr. Wilson earnestly desires peace and the entire country should support him."

For the men in the trenches Mr. Carnegie expressed great sympathy. "I do not see how there can help being a great reaction after this war is over."

When Mr. Carnegie spoke of the horrors of war his voice quavered and tears appeared in his eyes.

DANIELS CLAIMS TOO MANY
SHIPS BUILT BY CONTRACT

By Associated Press.

Washington, Dec. 11.—The dominating necessity of dreadnaughts to maintain the strength of great powers at sea, with submarine boats and submarine mines as minor essentials, was emphasized today by Secretary Daniels before the House Naval committee. He declared that if a foreign foe came to attack the United States the battleships would first be relied upon and then would come the submarines and mines.

Mr. Daniels reiterated that the European war so far has demonstrated the wisdom of the naval program outlined for this session of Congress.

"Battleships," he said, "are the only ships we can rely on to command the sea."

Washington, Dec. 11.—Secretary Daniels continued today before the House Naval committee speaking on the construction program. He said too many ships were being built by contract and too few by the navy yards. He reiterated his view that the government ought to build submarines.

"We should not consider war with any country and build against any country," said the secretary. "We should prepare for our defense from whatever quarter an attack may come; defense against any enemy. We must prepare to defend ourselves in the very best way we can."

The secretary replying to a question, said the United States ought not to acquire another foot of territory. "For instance," he said, "the United States had no idea of taking Manila when the war with Spain broke out. I am sorry we ever took the Philippines, but I want to say that Admiral Dewey acted in a most wise House Naval committee speaking on and statesmanlike way."

GRAIN FESTIVAL NEXT WEEK WILL BE THE GREATEST EVER

Secretary Kennedy Swamped With
Inquiries and Indications Point to
Rousing Exhibit—No Admission
Will be Charged and Cordial In-
vitation is Extended to Public—
Building Will be Open at Night.

Prospects for a most successful
Mid-Winter Grain Festival could not
be better than at present, judging
from the flood of inquiries pour-
ing in upon Secretary Frank M. Ken-
nedy.

These inquiries are coming from all
adjoining counties, states, and even
as far away as Maryland, so that the
"open to all" classes promise to be
well filled, but it is expected that if
the premiums are won by parties out-
side of Fayette county that they will
show some exceptionally classy corn.
The Grain Festival will be held at
the Y. M. C. A. building in this city
next week, beginning December 16th
and ending on the evening of the 19th.
Ross countians are manifesting
much interest in the festival, and a
number of exhibits, entered in the
show in that county this week, will
be sent to this city and entered.

The more than \$600 premium list
is attracting interest in every town-
ship of the county, as well as in the
outside counties, and in addition to
the other premiums, the township
trophy—a beautiful \$25 silver cup,
is attracting no little attention, and
several of the leading townships will
be in the field with exhibits to carry
off the trophy, which will be award-
ed to the township having three or
more entries which can make the
greatest number of points consider-
ing the number of entries.

Arrangements are being made to
handle a great throng of people at
the Y. M. C. A. building, and the
public is cordially invited to attend.
No admission fee will be charged, as
the big show is being held under the
auspices of the Fayette Crop Improve-

ment Association, and the general
advancement of grain production is
sought.

All exhibits must be in the hands
of the committee by noon of Wed-
nesday, December 16th.

A competent judge from the O. S.
U. or other point will do the judging.

MEXICANS ROUSE IRE OF WILSON

Washington, Dec. 11.—The United
States has served formal notice on
both Provisional President Gutierrez
and General Carranza that unless
they promptly prevent their troops
from firing across the American
boundary, such force will be em-
ployed by this government as may be
necessary to protect American terri-
tory.

In the most emphatic and threat-
ening expression from the Washing-
ton government since the diplomatic
correspondence with General Huerta,
which preceded the occupation of
Vera Cruz, identical warning was
sent to the chiefs of the two factions
opposing each other at Naco, across
from the Arizona town of the same
name, that firing across the interna-
tional line must cease.

Although the messages, which were
to be conveyed by American Consul
Canada to General Carranza at Vera
Cruz and by American Consul Silli-
man to General Gutierrez at Mexico
City, left here Wednesday night, they
did not reach their destination until
Thursday, and answers will not be
expected before tonight or tomorrow.
The peremptory tone of the com-
munications did not become generally
known until Thursday night, although
the sending of three batteries of field
artillery to Naco was explained pre-
viously by high officials as meaning
that the Mexican forces would be
shelled out of their positions and
driven several miles from the line, if
the firing into the United States con-
tinued.

The messages to both Carranza
and Gutierrez pointed out that sev-
eral Americans had died of wounds
received from bullets which were
fired from Mexican territory and that
the United States had appealed in
vain to Generals Maytorena and Hill,
commanding the rival forces at Naco,
so to regulate their fire as to prevent
a repetition of such occurrences.

Having failed to impress Hill and
Maytorena, the Washington govern-
ment stated that it must naturally
turn to their respective chiefs, to
whom the rival generals are sup-
posed to owe allegiance, asking that
they be warned immediately against
further violations of the rights of
American citizens to enjoy safety
from attack while on their own terri-
tory.

The general expectation here is
that it will not be necessary to use
force to compel the Mexicans to
cease their fire.

OCTA MEN ARE HELD TO COURT

After the examination of a num-

charges of assault with intent to kill,
preferred by Raymond Sheeley
against Constable Glenn Rankin and
Marshal Bert Rankin, of Octa, Mayor
Coffey held the men to the grand jury
under \$100 bond, which was given

Deep interest was taken in the

The case grew out of an attack
made upon Sheeley and a Chas. Hidy,
it is alleged, and the claim was made
that one, or both of the men had
used their guns, the trouble occurring
two weeks ago.

The Leader Of The New American Independence.

"Although I am more than 67 years old I'll start all over again tomorrow."

So spoke the world famed inventor, Thomas A. Edison, as he stood among the ashes and debris of all that the flames had left of the work of years of his life—the main plant of the Edison company—Wednesday night.

"I'm pretty well burned out tonight, but tomorrow there will be a mobilization here and I will go right to work to reconstruct the plant."

Splendid courage of an indomitable spirit!

No wonder that it has been often repeated, "There is only one Edison".

In the past Thomas A. Edison has furnished a striking example of what it is possible for a man of genius and nerve to accomplish. Today he is installed anew in the admiration of the people through the unconquerable strength of the man—almost three score and ten—the great inventor watches the flames lick up building after building of his mammoth electrical plant with no thought of even temporary surrender to misfortune.

With the energy of a man half his years, entirely self-controlled, he assumed personal charge of the situation, centering the efforts of the fire-fighters upon saving the laboratory structure and in removing valuable apparatus, drawings, models and other possessions to a place of safety.

A seven million dollar loss, yet not even a day is to be spent in idle regret, in futile self pity.

Tomorrow we'll begin again!

No wonder that Edison has set the example for the new American independence. He possesses the intellect and the experience and with them, the grit which does not know the phrase, "give up".

Thomas A. Edison has enriched his country with a new industry and set a brilliant example of what can be done in a very short time towards establishing our industrial freedom. He had the knowledge of scientific research and of the laboratory; he had also the will power.

When the war broke out and there was no hope of obtaining from Europe the enormous quantities of carboric acid which he required for the manufacture of his phonograph records, he devised a carboric acid system of his own and is forever independent of Germany and foreign shipments.

When the inventor had the formula ready for his workmen they told him it would take 6 to 8 months to manufacture the ton of carboric acid needed each day.

Edison replied, "We are not working in days of peace; we are on a war basis," and put to work 40 of his best men, directing them night and day. Within seventeen days the plant was turning out 2,000 lbs. of carboric acid a day and other factories were in process of being built.

All hail to this wonderful genius, this leader in the new American independence, who beckons the United States on to the establishing of industrial freedom.

Appreciate Your Home Stores

The merchants of larger cities than Washington are making strenuous efforts to lure shoppers away from local stores for their Christmas shopping.

The pages of the newspapers of these cities are largely devoted to extensive advertising and the offering of bait to decoy from home.

Judging from the reports of those who have investigated these offers the buying opportunities, while sounding so attractive, are nothing like as advantageous as those offered right here in our home town.

Washington people must admit that they are exceptionally fortunate in having stores that in magnitude and splendid equipment are in the class of the really metropolitan establishments. They must also admit that it is very rare indeed that a town of this size possesses this kind of stores and our people are wonderfully blessed in being able to find the most fashionable merchandise and the most exclusive novelties right here for their convenience.

Each year it seems as if our merchants do all within their power to bring on the most desirable holiday stocks, but this year they have seemingly surpassed former efforts. A wealth of superb Christmas decoration, introducing the expert skill of the decorator, makes most attractive background for brilliant displays of all that is newest and most popular in the metropolitan Christmas markets, besides large stocks of the always staple merchandise.

And prices are far lower than are asked for exactly the same wares in larger cities.

When you consider the efforts local merchants have made to please you, in both large stocks and low prices; when you consider what it means towards the prosperity of our city to have thriving business here and how many more people have good jobs when the city is prosperous, why not loyally give your support to the home merchant, at least to the extent of careful looking in home stores first. You will be surprised to find how fully local stocks are equipped to supply large demands.

And another thing—trite though it be to repeat it again—shop early. Shop while everything is prettiest and freshest, while selection is best and clerks are not worn out with the Christmas rush and can give you their best attention.

Poetry For Today

A PREDICTION.

When the armies of earth are disbanded,
And their trappings are coated with dust;
When the musket forever is silenced,
And the cannon is cankered with rust;
When the sword and the helmet lie tarnished,
'Mid the rubbish of Pomp and Display—
We shall wake to the glorious dawn—
Of the promised Millennial Day.

And that day shall bring joy to the Nations;
And the glow of its generous light,
Shall invade the morasses of darkness
And dispel the miasmas of night.
And the Empire-of-Right shall be founded,
And the sway of its scepter increased,
Till Mankind shall stand shoulder to shoulder
In the ranks, not of War, but of Peace.

And the throne of Oppression shall crumble,
And the heart of the tyrant shall quake;
And the Haughty shall learn to be humble,
And the Mighty their mockings forsake.
And the Spirit-of-Truth shall reign o'er us,
And Humanity's banner float free,
'Till Immanuel's message be wafted,
To the uttermost Isles of the sea.

EDISON NOT DISCOURAGED

West Orange, N. J., Dec. 11.—Thomas A. Edison, the inventor, will rebuild at once his factories destroyed by fire. He estimates the loss at \$2,000,000. He said he did not carry any insurance. "The big lesson of this fire has been the value of concrete construction," he said. "My buildings are gutted, but there they stand ready for refitting. One error revealed was in not using steel window sashes and trim and wired glass that withstands great heat. We will certainly have to use that finish henceforth. My good friend Henry Ford tells me that all his automobile factories have this steel trim and wired glass. This is the second time I've lost \$2,000,000 in a lump. I once sank that much in a plant at Edisonia, N. J. It's all in the game."

EMBEZZLEMENT IS THE CHARGE

Nelsonville, O., Dec. 11. — Don C. Cable, former assistant cashier of the Merchants and Miners' bank here, was arrested at Los Angeles, Cal., as the result of a secret indictment returned by the Athens county grand jury, in which Cable is charged with embezzlement of \$32,000 from the bank and \$3,000 from the Masonic lodge at Athens. With him were arrested George D. Metcalf, vice president of two banks in Los Angeles, and David Delong of Coalings, Cal. The two latter were also indicted by the Athens county grand jury, charged with obtaining money under false pretenses. The men will be brought back to Ohio. The three men together promoted an oil company at Coalings, Metcalf and Delong making representations to Cable upon which he invested all he could get, only to find the proposition a losing venture. The Merchants and Miners' bank of Nelsonville was taken over by the state banking department some time ago.

DEATH CLAIMS MRS. HENRY JONES

After a brave fight for life, Mrs.
Henry Jones, wife of the sheriff-elect,
answered the summons of the death
angel Thursday night at 8:40.

For some time Mrs. Jones has been
in failing health and last Sunday un-
derwent an operation, hoping that it
would lead to recovery. Her condi-

tion has been critical from the first,
causing the deepest anxiety to fam-
ily and friends.

The body was removed from the
Fayette hospital to the home in Mill-
wood Friday morning.

A devoted wife and mother, and
a lovely Christian woman, Mrs.
Jones' death is one to arouse unus-
ual sorrow in a large family con-
nection, as well as an extensive circle of
friends. The utmost sympathy goes
out to the saddened home, where 3
sons, Edwin, Perrill and Fred mourn
with the father.

Mrs. Jones is also survived by three
sisters, Mrs. John Acton, of Milledge-
ville, Mrs. James Custis, and Mrs.
Margaret Glass, of Sabina, and five
brothers, George M. Perrill, of Bow-
ersville, Commissioner Lewis Perrill,
Edward L. and Chas. H. Perrill, of
Sabina, and Frank Perrill, of this
city.

Funeral services will be held in
the M. P. church at Milledgeville
Sunday afternoon at 2:00 o'clock,
the funeral procession leaving the
Jones home in this city promptly at
12:00 noon.

FORMER SHERIFF ANSWERS SUMMONS

Ancil B. Rankin, aged 49 years,
passed away at his home south of
this city at 12:30 o'clock Friday
morning, after a lengthy illness.

The deceased was widely known in
this county, having at one time been
sheriff of Fayette county, serving two
terms. He was the first sheriff in of-
fice after the new jail was construct-
ed many years ago.

For a year or two he has been in
ill health, suffering from a complica-
tion of diseases. He leaves three sis-
ters.

Funeral services announced later.

In Social Circles

The Hess home on Washington avenue was most attractive in its radiant decorations of Christmas greens, Christmas bells, brilliant scarlet poinsettias and carnations Thursday afternoon, when fifty women enjoyed Miss Ella Hess' hospitality in the last of a series of Kensingtons.

Each affair was marked by admirable appointments and spontaneous sociability, encouraged by the hostess and her assistants.

A spool contest, in which the winners victoriously pinned on a rose, added to the merriment of each affair, and Miss Mabel Briggs favored the guests with piano renditions.

The delicious collation was prettily served with the bright color scheme effective and Christmas bells on the napkins.

Miss Esther Durant, of Tarleton, was a guest from a distance.

Mrs. Jess Persinger charmingly entertained the Friday Auction Bridge club this afternoon.

NO CARS AT HAND FOR STOCK SHIPMENT

A shortage of cars, Friday morning almost completely tied up live stock shipments from this city and this, coupled with the new arrangement for shipping from this county to out-of-state points, caused a general cessation of stock shipments.

Up to late Friday no one locally had been authorized to make "bureau inspection" in this county, as provided under the new order permitting inter-state shipments from this county.

Efforts are being made to obtain cars for Saturday shipments.

DRESDEN BELIEVED DOOMED

Got Away During the Big Naval Engagement of Tuesday, but She is Being Pursued by British Warships. Karlsruhe and Dresden the Only German Ships Now on the High Seas—Forty British Ships on Hunt.

London, Dec. 11.—"The Nuremburg was also sunk on Dec. 8. The pursuit of the Dresden continues."

This brief message to the admiralty from Vice Admiral Frederick Sturdee, commander of the British South Atlantic fleet which sank the Scharnhorst, the Gneisenau and the Leipzig off the Falkland Islands on Tuesday, showed that the business of clearing the high seas of German warships is proceeding with dispatch. Now only the Dresden and the Karlsruhe are at large.

The engagement, one of the greatest that has ever been fought between modern warships, lasted only five hours. The Scharnhorst went down at the end of three hours and the Gneisenau followed Admiral Von Spee's flagship to the bottom two hours later. The fighting began at 7:30 o'clock on Tuesday morning and by 12:30 the dangerous units of the German squadron had been disposed of.

That left an afternoon of daylight for the British cruiser to chase the Leipzig, the Nuremburg and the Dresden. The fate of the Leipzig was soon sealed and she was destroyed in time for the inclusion of the news in the first brief report which Admiral Sturdee flashed to England. The British cruisers then continued their pursuit of the remaining boats and evidently overtook the Nuremburg within a few hours. Thus the Dresden is left alone in the Atlantic, with the exception of the Karlsruhe, which is now believed to be in hiding, and against the little German cruiser are more than forty British fighting

ships, any one of them capable of sinking her single-handed.

The big naval battle was apparently a running one. The German ships evidently tried to get away when they discovered that they were vastly outnumbered, and further that they had fallen into a trap. The British had what may be called a "safe" fleet, that is, their principal ships were powerful enough to destroy the enemy's big units and at the same time to protect the smaller British vessels, which could remain in safety until only opponents of their own rating remained. Furthermore, Sturdee must have had some very fast cruisers with him. Otherwise the destruction of the Leipzig and Nuremburg could not have been accomplished.

WILL LECTURE IN HIGH SCHOOL AUDITORIUM

Much interest is being manifested in the coming lecture to be given December 15 by Prof. Geoffrey F. Morgan, of the normal department of Ohio University at the High school auditorium.

Mr. Morgan has gained quite a little fame locally by his masterful treatment of the liquor question in a speech at Memorial hall during the past campaign. He has also a large following in the public schools as the result of his entertaining and instructive talks to the pupils of the different grades.

Mr. Morgan comes to Washington C. H. highly recommended as an entertainer, having spent two years as reader of the Glee club of Columbia university, New York city. Among others, Mr. Morgan has a testimonial from David Starr Jordan, president of Chicago university, in recognition of his ability.

The public has a rare opportunity in hearing and seeing Mr. Morgan in his repertoire of drama humor and magic.

Tickets may be procured from the pupils of Cherry Hill school under whose auspices Mr. Morgan is appearing.

DOLL BELONGED TO WASHINGTON'S MOTHER.

New York, Dec. 11.—A doll which, as is proved by papers and statements, belonged to George Washington's mother, and which was donated to the bazaar by a German sympathizer residing in Washington, was sold at the bazaar for the benefit of the Austrian, German and Hungarian war sufferers for \$250. The total receipts of the fair have reached \$130,000.

SERENO PAYNE OF NEW YORK DEAD

Washington, Dec. 11.—Representative Sereno F. Payne of New York died in his apartments in the Portland.

Mr. Payne retired to his room apparently in good health. The coroner announced that Mr. Payne died from heart failure, superinduced by arterio-sclerosis and a complication of organic troubles. Mr. Payne, who was a Republican leader, was seventy-one years old. He was an authority on the Payne-Aldrich bill. He was held in high esteem by his colleagues.

CHILDREN IN RED CROSS SALE

Children are among the most eager buyers and enthusiastic sellers of Red Cross Seals. In scores of other cities, such as Cleveland, St. Louis, Milwaukee, Grand Rapids, Detroit, Providence, Wilmington, Harrisburg, Washington and Seattle, the boys and girls are helping to fight tuberculosis with Red Cross Seals. One nine-year-old girl in Duluth last year sold 4,500 seals in four days. A Meriden, Conn., boy of ten sold 50,000 in three weeks. A Wilmington, Del., girl of twelve sold 10,000. Some of the children in Buffalo sold over 1,000 in a week. The schools of St. Louis sold over 250,000 seals, and in other cities they added large sums to the anti-tuberculosis fund.

Everywhere the boys and girls are going in the fight against tuberculosis by selling Red Cross Seals.

OLD, OLD CASE TO COME UP SOON

The case of George C. Parrett, plaintiff, against the Board of Infirmary Directors of Ross county, has been docketed for trial at the coming session of the Court of Appeals in Ross county.

This case has been in progress for several years, and grows out of the discharge of Major Parrett by the Board of Infirmary directors, from the position of Infirmary Superintendent, and the plaintiff contends that they acted without jurisdiction after having employed him for a certain time. He seeks the recovery of salary for the unexpired term of office which he was not allowed to fill.

ACCUSED MEN WILL APPEAR THIS EVENING

Clark McCafferty and Guy Houston charged with driving and operating an automobile without the consent of the owner, W. M. Holby, will appear before Mayor Coffey this evening and answer to the charge against them.

Holby, who resides at Waterloo, claims the two men took his machine and drove it without his consent, the offense said to have occurred November 11th.

The principals in the trouble are well known in and about Waterloo.

ALL DAY MEETING HERE TOMORROW

The meeting of teachers, members of boards of education and patrons of Fayette county schools, which will be held at Memorial hall tomorrow, instead of today as inadvertently announced, promises to be the greatest meeting of its kind ever held in the county, and much interest centers in the event.

Teachers, members of education boards and patrons of schools in every part of the county are expected. County Superintendent Frank M. Allen will preside.

SEVERAL months ago we began the making of *Rival Bread* under a special formula, and have a large and growing demand for RIVAL. Many housewives have been delighted with the appetizing, health giving qualities of Rival Bread and will now use no other.

Beware of Imitations.

Make sure that you get Rival Bread when you are making your purchase. There is no other bread quite so good.

Impress upon your grocer that it is "*Rival*" you want, and do not be satisfied with an imitation offered as "Just as Good." None genuine without this label.

GOVERNMENT LIFTS THE LID

Columbus Dec. 11.—Stockmen may now ship stock to outside markets from forty-nine counties without being questioned by federal authorities and shipments may be made from sixteen others under inspection.

The federal department of agriculture issued an order releasing twenty-two more counties from the federal quarantine against foot and mouth disease and made modifications in sixteen others. The new free counties are Clark, Clinton, Columbiana, Delaware, Fairfield, Geauga, Greene, Harrison, Holmes, Highland, Lorain, Madison, Miami, Morgan, Paulding, Perry, Pickaway, Portage, Ross, Shelby, Stark and Van Wert.

The counties from which shipments may be made under inspection are Allen, Auglaize, Darke, Defiance, Fayette, Franklin, Guernsey, Henry, Logan, Mercer, Montgomery, Morrow, Putnam, Tuscarawas, Union and Wayne. The agricultural commission is preparing to supply sufficient inspectors in the sixteen conditional counties to permit the shipment of live stock as desired.

KAISERS ILLNESS

Paris, Dec. 11.—No direct confirmation of the illness of the kaiser has been received here. The latest news here was contained in a dispatch from Amsterdam, which says that during a visit to Vienna for a conference with Emperor Francis Joseph, the kaiser, who was accompanied by Archduke Charles Francis Joseph, the heir apparent to the Austrian throne, caught cold. He grew worse during his visit to the eastern front and the doctors advised his immediate return to Berlin.

The kaiser's physicians have issued a bulletin saying that the emperor's catarrh is relaxing and his temperature is normal.

BOER REBELLION HAS BEEN CRUSHED

Capetown, Dec. 11.—General Botha, commander of the Union defense forces, announced officially that the Boer rebellion in South Africa has been crushed. He declared that it is the next duty of the government to deal with the rebels who fled into German Southwest Africa. This indicates that the Union will invade German Southwest Africa with a big army.

GERMAN AVIATION SHEDS ARE SHELLED

Paris, Dec. 11.—The latest official communique says: "Our aviators threw sixteen bombs on the railway station and aviation sheds at Priebrg-Im-Breisgau. In spite of a sharp cannonade they returned without any accident."

Gore, Ga., P. A. Morgan had occasion recently to use a liver medicine and says of Foley Cathartic Tablets: "They thoroughly cleansed my system and I felt like a new man—light and free. They are the best medicine I have ever taken for constipation. They keep the stomach sweet, liver active, bowels regular." Blackmer & Tanquary. adv

PROGRESS IS MADE BY THE ALLIES

London, Dec. 11.—Lack of news from Poland causes some uneasiness regarding the result of the prolonged battle between the Russians and Germans, but the reports from France are considered here to be most favorable to the allies.

The daily communication from Paris shows that the French have been making slow progress at many points for the past fortnight, and a review sent by a French eyewitness for the period from Nov. 27 to Dec. 5 claims that the ascendancy of the French infantry and artillery over the Germans has been established and that while the infantry has advanced the artillery has mastered the German batteries.

The latest report from French headquarters adds little to the general knowledge, as it says the situation is unchanged, which indicates, however, that the positions taken have been maintained.

Berlin, on the other hand, states that the French attacks in the Argonne have been repulsed.

It is apparent, however, that with the withdrawal of German troops to strengthen the armies in the east the

allies have been able to push their lines forward in many places.

According to a Boulogne dispatch the Germans were driven out of Armentieres by the British and hurled back beyond artillery range. Armentieres is nine miles northwest of Lille. An Amsterdam dispatch declares that the allies have entered Roulers (Rousselaere) in West Flanders, about twelve miles northeast of Ypres.

Pounding Russian Armies.

The Germans meanwhile continue their efforts to smash the Russian armies. While a large part of their force is endeavoring to hold the Russian center, another army is advancing from East Prussia to the east of Mlawa and is attacking the Russian right, with a view to cutting communications and entering Warsaw through the back door.

Heavy fighting also is going on to the southwest of Lodz and to the southeast of Cracow, where the Austrians and Germans are endeavoring to get around the Russian left and force these troops to retire from the fortress.

The Germans, in fact, are repeating on a larger scale their favorite tactics of outflanking the positions of the opposing forces. In this way they have always been able to gain initial successes because of their ability, with better means, to move their troops quickly. The Russians, however, heretofore have met them with overwhelming numbers.

The defeat of the Austrians by the Serbians is virtually admitted in the Austrian official report, which says that because they have met strong hostile forces some of the Austrian troops have been ordered to occupy more favorably situated positions.

OPERATORS STAY AWAY

Cleveland, Dec. 11.—Coal operators of the eastern Ohio district did not go to Canton to participate in a meeting with miners' representatives in an effort to obtain a satisfactory wage agreement. The meeting was arranged by the joint harmony committee of Wheeling, W. Va., and invitations were sent to both miners and operators to attend. The mine owners declared nothing could be accomplished by attending the meeting. The operators asserted that a previous attempt of the harmony committee to assist in the settlement of the dispute had failed.

ITS MOVIN' DAY EVERY DAY IN LITTLE SERBIA

Paris, Dec. 11.—The Matin's correspondent at Nish, Serbia, reports that the Serbian government has moved to Kranjevec. The Serbian capital was moved at the outbreak of the war from Belgrade, on the Austrian border, to Nish, situated in the mountains of southern Serbia.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

OHIO HAPPENINGS

Doings of the State Grange. Chillicothe, O., Dec. 11.—The Ohio State Grange after prolonged debate tabled a resolution denouncing the Warnes tax law. On the dry amendment the grange was silent, although the committee favored adopting a resolution calling for another election. The contest for worthy master was decided on the second ballot in favor of J. T. Tabor, St. Clairsville, who defeated Renick Dunlap of Kingston, 108 to 72. Elyria was chosen as the meeting place for next year.

Promoter Put Away.

Cleveland, Dec. 11.—Daniel T. Ray, Los Angeles mine promoter, found guilty in federal court several days ago of impersonating a government secret service officer and defrauding Miss Emma R. Ewalt and her father of Cleveland out of several thousand dollars, was sentenced by Federal Judge Clarke to serve six years in the Moundsville (W. Va.) penitentiary.

SUBMARINES ARE THWARTED

London, Dec. 11.—Half a dozen German submarines made an attempt to enter the Admiralty harbor, according to a Dover dispatch to the Exchange Telegraph company, and for an hour the batteries kept up a furious fusillade, firing at least 200 shots. It is reported that two or three of the submarines were sunk, but no confirmation of this can be obtained.

UNCLE JOE CANNON BACK IN THE RING

Washington, Dec. 11.—Uncle Joe Cannon blew into town, ready to assault the Democratic party and all its works. "I observe that the administration is laying great stress upon economy," exclaimed Uncle Joe. "Secretary McAdoo has cut the estimates to the bone and Chairman Fitzgerald intends to scrape the bone, but the bone probably will be a billion dollar bone just the same. The Democratic economy is like that of the new clerk in the country store who carefully watched the spigot but carelessly knocked the plug from the bung hole." Uncle Joe said he took no stock in Democratic economy.

CROUP

Rendered Harmless by Foley's Honey and Tar Compound. It Masters this Terror of Childhood.

Of course it scares you to hear that loud, hoarse, croupy cough. You know the little throat is all choked up and the gasping, straining fight for breath must be helped at once.

"Oh, but that Foley's Honey and Tar is a wonderful thing for croup. Thank Heaven I had it on hand."

FOLEY'S HONEY AND TAR COMPOUND spreads a healing, soothing coating as it glides down the throat. It cuts away and clears out the choking mucus and hoarseness and tickling. No more hoarse metallic coughing, no gasping, straining fight for breath, but peaceful breathing and quiet rest.

MRS. J. N. HILL, Homer, Ga., writes: "I find FOLEY'S HONEY AND TAR never fails to cure our coughs and colds, and prevents croup. I can not say too much for it."

HAROLD BERG, Mass. Mich., writes: "We give FOLEY'S HONEY AND TAR to our children for croup and it always acts quickly."

A good druggist is glad to sell FOLEY'S HONEY AND TAR COMPOUND because it is the best medicine for coughs, colds, croup, throat and lung affections that money can buy, and contains no opiates. In 25c, 50c, \$1.00 sizes.

DRIVE OUT THAT PAINFUL RHEUMATISM

If you are bothered with Rheumatism and "every muscle in your body aches," rub the aching joints with Hoff's German Liniment, the famous stainless, greaseless, refreshing-odor pain chaser. It is pure and white as snow and it won't soil the finest clothes.

Hoff's German Liniment is made from the same formula that doctors use with such success in Germany. Emulsion of camphor and other effective, harmless ingredients are used. Everyone knows the value of camphorated oil, but it leaves the pores open—making one susceptible to further cold. Hoff's German Liniment keeps the pores closed—keeps colds out.

Hoff's German Liniment is an unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Aching Joints, Bruises, Burns, Sprains, Sore Feet, Corns, Bunions, etc. Used as directed, it quickly cures colds, coughs, croup, etc. Fine for children—fine for grown-ups. Pain doesn't linger when Hoff's German Liniment is used.

Sold in handy bottles by all druggists—quarter pint for a quarter; big size, 50c. Results absolutely guaranteed or druggist is authorized to return your money. Accept no substitute—they are not "just as good."

CALLED TO KENTUCKY BY FATHER'S DEATH

Word of the death of Mr. John Markley, at his home in Foster, Ky., Thursday, was received by his two children residing in this city, Mr. John Markley, Jr., and Mrs. A. C. Henkle, Thursday night.

Mr. and Mrs. Markley and Mrs. Henkle left for Foster Friday morning.

The circumstances attendant upon Mr. Markley's death have been particularly sad, arousing much sympathy for the bereaved children. Only four months ago the mother was called by death and a week later Mr. and Mrs. John Markley, Jr., lost their daughter, Thelma.

Mr. Markley's death was unexpected, although he was almost 84 years of age. It was due to a sudden attack of the heart.

GERMAN OCCUPATION OF WARSAW NOW IMMINENT

Teutonic Wedge at Gates of Big Russian City and Russians are Expected to Fall Back for Strategic Reasons.

SERVIANS SPRING DEADLY TRAP UPON UNSUSPECTING AUSTRIANS

Great Slaughter and Defeat of Austrian Troops Reported From Nish—Norway and Sweden Take Offense at German Interference and Become War-like—Attack of Allies in West is Met With a Counter Attack of Crushing Force—Little Known of Dover Sensation.

By Associated Press.

London, December 11.—Although conceding in effect the progress of the German center, the Russians, judging from dispatches reaching London, contend that the tide is running in their favor in the sanguinary fighting south of Cracow, where combined Austro-German forces are endeavoring to move northward. They declare, moreover, that they are holding in check the German forces pushing down toward Warsaw from East Prussia.

It would appear today that the Serbian retreat before the Austrians some week ago was in reality a move for strategic purposes. Their sharp return blow, if the Nish reports are to be accepted, has been extraordinary effective. After sustaining enormous losses the Austrians are being rapidly driven to the northwest in the direction of their own borders. In the western arena the allies are applying pressure against the whole German line in France and Belgium, and while they appear to be making slight advances they have not as yet taken advantage of the transfer of German forces to the east to essay a general advance.

London, December 11.—The reported rout of the Austrian forces in Serbia, the border of which country they crossed triumphantly just two weeks ago, together with the steady advance of the German center in the direction of Warsaw on this, the third invasion of Russian-Poland, dominates the war news today.

It is admitted unofficially in Petrograd that German troops are sweeping across Russian-Poland and are now about 15 miles from Warsaw. The possibility of German occupation of Warsaw is seen in Petrograd, where it is said that if the Russians should withdraw from the city for strategic reasons its capture by the Germans should not be considered important.

Emperor Nicholas is again at the front, having gone on this occasion to Transcaucasia, where his troops are seeking to thrust back the Turks and accomplish Russia's historic aim of planting her flag on the Bosphorus.

A Turkish report states that an attempt of Russia to land troops on the shores of the Black Sea near Batum was repulsed with heavy loss to the invaders.

Germany is proud of her adventurous men-of-war in the hours of the destruction. The Admiralty at Berlin points out that the warships defeated by the British in the South Atlantic had been for four months on the high seas deprived of the use of ports for obtaining supplies or repairs, notwithstanding which they

were always able to obtain coal. The cruiser Dresden, last survivor of the five warships which composed the squadron, is reported to have been bottled up in the Straits of Magellan and her fate is still in doubt.

Emperor William, announcement of whose illness has been followed by various unauthentic reports that his condition was serious, is said to have improved considerably.

The British Admiralty remains silent concerning the reported German submarine raid on Dover yesterday morning and the public today is speculating as to whether over-zealous correspondents were not partly responsible for this episode.

INDIGNATION IN NORWAY AND SWEDEN AGAINST THE SEIZURE BY GERMANY OF VESSELS LOADED WITH WOOD IS GROWING.

Both French and German official statements of today indicate that the new attempt of the allies to throw back the Germans in Belgium has been checked and that in the region of Ypres the Germans have not only hurled back the oncoming forces but in turn have made an advance.

The Paris announcement states that several German attacks were made and that three of them were completely repulsed. It is admitted, however, that at one point the Germans succeeded in reaching one of the first line trenches of the allies. Elsewhere in Flanders, however, continued progress is reported.

The German statement merely says that gains have been made in Flanders.

The fighting in the Argonne region continues to be the subject of conflicting claims.

JAP CRUISERS AFTER GERMAN

By Associated Press.

Tokio, Japan, December 11.—According to reliable information reaching Tokio today, a squadron of Japanese warships is seeking the German converted cruiser Prince Eitel Friedrich off the coast of Chile.

SERVIANS TAKE 2,000 ENEMIES AND 50 CANNON

London, Dec. 11.—The Serbian minister at the Greek capital has received a telegram from Prince Alexander, dated Kragujevatz, stating that the Servians have captured 20,000 Austrian prisoners and fifty cannon.

URGES FEDERAL PAY FOR MILITIA

By Associated Press.

Washington, Dec. 11.—General A. L. Mills, chief of the division of militia affairs, in his annual report today urges the passage of a bill for the compensation of the militia by the Federal government, saying that such a measure would bring about reform that would remedy present militia conditions where organizations, in some cases are so deficient that they are of "no value as a military asset."

He declared the militia deficient in strength to the number of 16,000 men.

STOP! SAYS GUTIERREZ

By Associated Press.

Washington, Dec. 11.—Provisional President Gutierrez has ordered Governor Maytorena, commanding his forces at Naco, to avoid operation altogether if he cannot confine his fire within Mexican borders.

TOO MUCH PUBLICITY

By Associated Press.

Washington, Dec. 11.—Declaring there had been too much publicity of military affairs of the nation Senator Weeks of Massachusetts, in a speech in the Senate today, opposed agitation for special investigation of military preparedness, praised the strength and personnel of the navy and urged the organization of an army reserve.

MAKING WATCH CRYSTALS HERE

By Associated Press.

Morgantown, W. Va., Dec. 11.—One of the results of the European war is the revival of the watch crystal manufacture here. Watch crystals have been made principally in Germany. Attempts to make them in this district 15 years ago failed. A local glass company is now making 12,000 a day.

THAW CASE UP AGAIN

By Associated Press.

Washington, Dec. 11.—The extradition of Harry K. Thaw from New Hampshire to New York was up for consideration today by the Supreme court. William Travers Jerome represented the state of New York and Former Secretary of State Philander C. Knox represented Thaw.

Mr. Knox scored the opposing lawyers and pointing to Jerome said: "Five times this man has succeeded in sending Thaw back to the asylum and not until Thaw got outside the state did he win a point."

CARNEGIE BLAMES GERMANY FOR WAR

Noted Advocate of Peace Claims Military Caste in Germany Caused Bloody Struggle and that He Hopes World Will be so Horrified that Perpetual Peace Will Result—Would Be Unchristian-like to Declare Truce for Holidays, He Says.

By Associated Press.

Washington, Dec. 11.—Andrew Carnegie, a White House caller today, expressed decided opposition to a truce in the European war during the Christmas holidays. He declared that it would be unchristian like and immoral to stop the fighting and then begin it again. He added that he could not believe that any nation which adopted such a suggestion was doing it sincerely.

Mr. Carnegie gave it as his opinion that the military caste in Germany was responsible for the war, but that at the time hostilities broke out the Kaiser was ill and opposed to the war.

"The Kaiser has told me that he took the greatest pride in the fact that he reigned for many years without being involved in war," said Mr. Carnegie, "but he was surrounded by a ring of militarists who were eager for war at any price."

Mr. Carnegie said he hoped that the world would be so horrified over the war that permanent peace would follow. He said his peace foundation would continue its work and that he believed that ultimately international arbitration would settle all disputes.

Mr. Carnegie showed some interest at a suggestion to him that he might be called upon by the President to help to bring about peace when the time came.

"I will do anything I possibly can," he said. "I believe Mr. Wilson earnestly desires peace and the entire country should support him."

For the men in the trenches Mr. Carnegie expressed great sympathy. "I do not see how there can help being a great reaction after this war is over."

When Mr. Carnegie spoke of the horrors of war his voice quavered and tears appeared in his eyes.

DANIELS CLAIMS TOO MANY SHIPS BUILT BY CONTRACT

By Associated Press.

Washington, Dec. 11.—The dominating necessity of dreadnaughts to maintain the strength of great powers at sea, with submarine boats and submarine mines as minor essentials, was emphasized today by Secretary Daniels before the House Naval committee. He declared that if a foreign foe came to attack the United States the battleships would first be relied upon and then would come the submarines and mines.

Mr. Daniels reiterated that the European war so far has demonstrated the wisdom of the naval program outlined for this session of Congress.

"Battleships," he said, "are the only ships we can rely on to command the sea."

Washington, Dec. 11.—Secretary Daniels continued today before the House Naval committee speaking on

the construction program. He said too many ships were being built by contract and too few by the navy yards. He reiterated his view that the government ought to build submarines.

"We should not consider war with any country and build against any country," said the secretary. "We should prepare for our defense from whatever quarter an attack may come; defense against any enemy. We must prepare to defend ourselves in the very best way we can."

The secretary replying to a question, said the United States ought not to acquire another foot of territory.

"For instance," he said, "the United States had no idea of taking Manila when the war with Spain broke out. I am sorry we ever took the Philippines, but I want to say that Admiral Dewey acted in a most wise and statesmanlike way."

MAY CHARGE BOOZERS AN EXTRA PREMIUM

New York, Dec. 10.—That the use of alcoholic beverages shortens life in this country was reported as a statistical fact to the Eighth Annual Convention of the Association of Life Insurance Presidents here this morning. Figures on the subject were presented by Arthur Hunter, Actuary in connection with the findings of a mortality investigation into the lives of two million life insurance policyholders, covering a period of twenty-five years. The investigation, which has just been finished, was made primarily to assist the life insurance companies to find out which types of persons could be safely accepted for insurance at the regular rates of premium, which types should be charged an extra premium, and which should be declined. It was announced however, at today's convention that the results of this private mortality inquiry were also available for public use in lengthening life.

Forty-three leading life insurance companies in the United States and Canada contributed their detailed records on the two million lives in question, which represented their collective experience on many different classes of insured likely to have higher death rates than normal.

Coal Operators Issue Statement.

Cleveland, Dec. 10.—That there is no immediate prospect of settling the strike of 15,000 coal miners in the eastern Ohio field was indicated when the Ohio Coal Operators' association issued a statement defining its position, and which said that the mines would not be reopened until the miners agreed to a wage scale "in line with other contracts which they have made in competitive fields and which is not an increase over last year."

Alleged Slayer of Policeman Seized.

Columbus, Dec. 10.—James Smith, alias "Money Jim," twenty-six and colored, said by the police to be one of the murderers of Policeman James Ballard, was captured in a house in North Lazelle street by two automobile loads of policemen who surrounded the house. Max Scheff, gunman, arrested at Cincinnati last week, gave evidence in a confession to Chief Carter that it was he and "Money Jim" Smith who shot Patrolman Ballard.
